

Tuition at New City School

In accordance with the school's mission and vision, New City School aims to serve students from diverse economic and cultural backgrounds. To this end tuition, scholarships, and payment plans are designed to ensure that a Logos Harrisburg education is accessible to those who would not otherwise have access to private education.

- Full tuition is \$7,000 for kindergarten, \$3,500 for pre-K and \$3,000 for preschool. Almost all our students receive significant need-based scholarships.
- Any family who does not qualify for financial aid may be eligible for additional scholarships.

Scholarships

Most New City School students receive generous scholarships. A significant number of students pay no monthly tuition at all. Thanks to our generous donors, no-one in our pre-K or preschool programs pays full tuition.

Scholarships are determined using current poverty rates, household size, adjusted gross income, and New City School's cost-to-educate. With the input of these variables, New City School will determine an affordable rate of tuition.

Adjusted Gross Income (AGI) is based on the previous year's tax return. The AGI can be found here:

- 1040 EZ, Line 4
- 1040 A, Line 21
- 1040, Line 37

We have enlisted the help of *Simple Tuition Solutions* this year to assist us with scholarships. This organization uses an online application process to qualify students to receive need-based scholarships. Because almost every family will qualify for significant tuition assistance, we strongly encourage every family to complete the application. If you choose not to complete the application, please be advised that you will be charged the full annual tuition of \$3000 for preschool, \$3500 for pre-K, and \$7000 for kindergarten. **A tuition discount is offered for completing the STS application, even if you are found to be not eligible for a scholarship.**

Please contact us if you have any questions or concerns. We will gladly assist you in completing the *Simple Tuition Solutions* online application.
